CCTV SECURITY SERVICE & SECURITY SYSTEM

We are best in security system for security camera installation, alarm systems, access control, and intercom systems for commercial and residential properties. GBS security systems has been providing high-quality security system installation and after installation service.

we specialize in the design, planning, installation, repair, configuration, and maintenance of security systems such as security cameras, access control, intercom, and alarm systems from the world's leading brands, including Hikvision, Dahua, Bosch, Mapleye, Axis, and others.

we provide turnkey security projects from beginning design to implementation, ensuring a seamless and comprehensive security solution for our clients. what distinguishes us is that our company offers customized security solutions that are tailored to the specific needs and budget of each customer to ensure the most cost-effective solutions.

7 ELECTRIC FENCING

Put an end to worrying about break-ins with GBS's fencing systems with Electric Fences. Protect your home and company with electric fence. These systems are suitable for both Industries, commercial and residential that providing a strong yet safe deterrent that ensures they are a top pick for homeowners. Our strong electric fencing system guarantees adaptable perimeter security, which is effective and efficient for all situations. Designed for ultimate security, it delivers intermittent high voltage pulses to deter intruders without causing harm.

Energy efficient, cost effective, and easy to install, our pulse fences offer unmatched durability and protection, ensuring peace of mind for residential, commercial, and agricultural applications. Keep your perimeter secure around the clock! For the pulse electric fence, the pulse generated by the energizer is transmitted to each front-end alloy wire through high-voltage insulated wires. This system provides a robust security barrier. In case of climbing or destruction, it will cause a short circuit between two adjacent alloy wires, triggering the alarm immediately.

GBS security starts with an effective commercial electric fence. Then, based on your business, environmental and monitoring needs, we integrate any combination of GBS's video surveillance, intrusion detection, alarm monitoring, and remote support services.

We provide tailored perimeter security solutions that protect your property with cutting-edge technology and unparalleled expertise. Our customizable systems ensure comprehensive coverage and peace of mind, so you can focus.

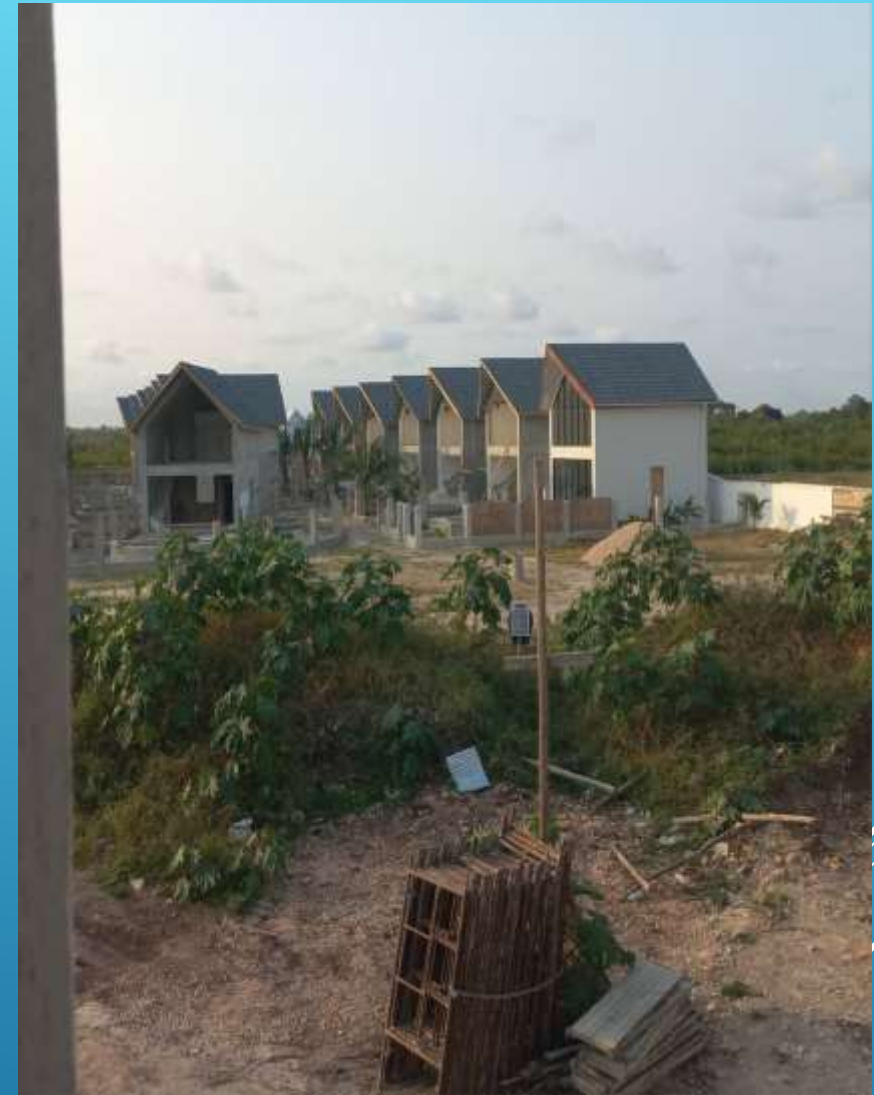

HEAT VENTILATION AND REFRIGERATION

We are actual solution in Heating, ventilation and refrigeration (HVACR) system and technology for maintaining thermal comfort and acceptable indoor and outdoor air quality in building and vehicles, we are dedicated to guaranteed comfort beyond your expectation.

GBS TRUSTED COMPANY LIMITED ORGANOGRAM

The background of the entire page is a large, light blue circular logo. Inside the circle, the letters 'GBS' are written in a very large, bold, dark blue font. Surrounding the letters are four stylized dark blue icons: a gear at the top, a drop at the bottom, a leaf on the left, and a two-prong electrical plug on the right. Overlaid on the 'GBS' text is the phrase 'Let's Us Chase Your Requirements' in a black, stylized font where the letters have gear-like edges.
